REMARKS

Considering first the objection to the drawings, while Applicants believe that the features of claim 64 are shown in Figure 2, in order to expedite prosecution, Applicants have added a new Figure 2a, and have amended the specification accordingly.

The indicated allowance of claim 88, and allowability of claim 61, 63-67, 72 and 79-82, is noted, with thanks. Applicants have amended claim 60 to incorporate the limitations of allowable claim 61. Additionally, independent claims 79 and 81 have been rewritten in independent form. Finally, claims 75 and 77 have been amended to address the 112 rejections.

With the foregoing amendments it is believed no specific discussion of the art rejections is necessary.

The foregoing Amendment makes no claim changes that would require further search by the Examiner. Accordingly, entry of the foregoing Amendment and allowance of the Application are respectfully requested

In the event there are any fee deficiencies or additional fees are payable, please charge them (or credit any overpayment) to our Deposit Account Number 08-1391.

Respectfully submitted,
